RE: Culinary Water Rates

At the 5 November 2024 work meeting, the City Council asked staff to prepare a proposal based on Council Member Simons' suggestions for adjusting water rates. Staff requests more time to formalize the proposal and evaluate its impacts. This will allow us time to include the appropriate people, evaluate the capabilities of our billing system, determine the financial impacts, and provide complete information to the Council.

We apologize for the delay and will have a proposal ready for the 17 December 2024 council meeting. Please contact me if you have any questions.
